

Suppl. Fig. 1

Suppl. Figure 1 Phenotype of hCN1 transgenic *db/db* mice aged 22 weeks

A. Nontransgenic, nondiabetic *db/wt* control mouse (*db/wt*). This mouse is slim and without apparent phenotype. **B.** Nontransgenic, diabetic *db/db* mouse (*db/db* water). This mouse is obese and diabetic. **C.** HCN1 transgenic *db/db* mouse (*db/db* CN1+). This mouse is wasted. The fur is disheveled and buckling can be observed.
