

Li ZG, Zhang W, Sima AA: Alzheimer-like changes in rat models of spontaneous diabetes. *Diabetes* 56:1817–1824, 2007

Figure 1C in the above-listed article erroneously showed the intensity of synaptophysin staining in a control animal, depicted in the article as an example from a BB/W-rat. The correct Fig. 1C is below, showing the correct representation of synaptophysin staining in a type 1 BB/W-rat (*middle panel*).

Gallagher CJ, Langefeld CD, Gordon CJ, Campbell JK, Mychaleckyj JC, Bryer-Ash M, Rich SS, Bowden DW, Sale MM: Association of the estrogen receptor- α gene with the metabolic syndrome and its component traits in African-American families: the Insulin Resistance Atherosclerosis Family Study. *Diabetes* 56:2135–2141, 2007

In the above-listed article, author J.C. Mychaleckyj's name was misspelled as Mychalecky. The correct citation appears above and is corrected online at <http://dx.doi.org/10.2337/db06-1017>.
