<https://doi.org/10.2337/db20-er06a>

In the article cited above, in the first paragraph of RESULTS, a link to the full set of results was given as <https://www.ncbi.nlm.nih.gov/gap>. Due to National Institutes of Health (NIH) administrative resource constraints and the absence of a requirement for dbGAP deposition of summary statistics, the NIH requested the authors deposit the data in an alternate public database. Therefore, the data were instead subsequently deposited in the Type 2 Diabetes Knowledge Portal (<http://www.type2diabetesgenetics.org/>).

The authors apologize for the error.

The online version of the article (<https://doi.org/10.2337/db18-0567>) has been updated to correct the error.
